## *The Royal Inscriptions of Tiglath-pileser III (744–727 BC) and Shalmaneser V (726–722 BC), Kings of Assyria*

Royal Inscriptions of the Neo-Assyrian Period 1

by Hayim Tadmor and Shigeo Yamada

*The Royal Inscriptions of Tiglath-pileser III (744–727 BC) and Shalmaneser V (726–722 BC), Kings of Assyria* carries on where the Assyrian Periods subseries of the Royal Inscriptions of Mesopotamia (RIM) Project ended. The volume provides reliable, up-to-date editions of 73 royal inscriptions of Tiglath-pileser III and of his son and immediate successor Shalmaneser V, 11 late Neo-Assyrian inscriptions that may be attributed to one of those two 8th-century rulers, and 8 texts commissioned by Assyrian queens and high-ranking officials.

Following the style of the now-defunct RIM series, each text edition (with its English translation) is supplied with a brief introduction containing general information, a catalog containing basic information about all exemplars, a commentary containing further technical information and notes, and a comprehensive bibliography.

The RINAP Project is under the direction of G. Frame (University of Pennsylvania) and is supported by the National Endowment for the Humanities.

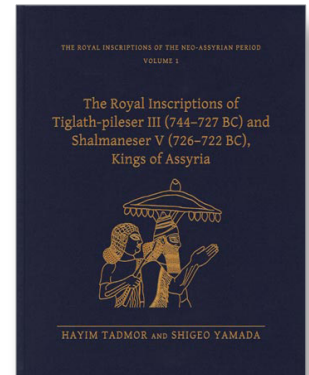

RINAP 1 also includes: (1) a general introduction to the reigns of Tiglath-pileser III and Shalmaneser V, the corpus of inscriptions, previous studies, and dating and chronology; (2) translations of the relevant passages of Mesopotamian king lists and chronicles; (3) several photographs of objects inscribed with texts of Tiglath-pileser III and Shalmaneser V; (4) indexes of museum and excavation numbers and selected publications; and (5) indexes of proper names (personal names; geographic, ethnic, and tribal names; divine names; gate, palace, and temple names; and object names).

The RINAP Project is under the direction of G. Frame (University of Pennsylvania) and is supported by the National Endowment for the Humanities.
